

The Carolina's Rugby League

Player Eligibility, match day procedures and result reporting

Player eligibility and registration

Before the first league game of the season, each club must have registered its players by filling out the USA Player Eligibility form. Once your school's registrar has signed the form you should make a copy and send it to the League Commissioner.

The form can be found on the Home Page of USA Rugby South's website

<http://www.usarugbysouth.com/>

The League Commissioner must receive a copy of this form, no later than the Thursday before the league starts – Thursday 21st January 2010. If I do not receive this form, completed and signed with all your player's details, then you could be made to forfeit your game.

The form is self-explanatory, but if you have any problems please do not hesitate to contact me.

It should be posted to my home address, or can be scanned and sent as an email attachment. My postal address and full contact details are listed at the bottom.

Match Day Procedure

Game day rosters can also be downloaded at USA Rugby South's website; the link is just below the registration form link.

Each team should make every effort to allow the opposition a chance to make a full check of the roster by showing their completed Eligibility roster, Game day roster and make sure that each player has some form of valid identification with them.

Once the game is over, the winning team captain should get both teams rosters signed by both captains and the referee, and then you should either post them to me or they can be scanned and sent to my email address.

Please make sure that you post the rosters to me so that they go in the post first thing Monday morning; they must arrive by Wednesday.

Also, please make sure that the winning coach calls me that afternoon with the score of both the A and B-side matches. I can then report the scores through the South's website, and I can immediately post the results on the Carolinas Rugby League website.

Please make sure you fully comply with these procedures.

Andy Richards, Commissioner, Carolinas Rugby League
